

# AVINYA TECHNOLOGY

## AVINYA TECHNOLOGY SYSTEM

### OUR HISTORY

Avinya Technology Systems is a private Limited Company incorporated on 7 July 2014, under Indian Companies Act 2013. Company is authorized to carry out business in India or Abroad of all kind of hardware and software designing.

### OUR VISION

Company has a vision to provide smart and affordable solutions to all companies/ individuals who are engaged in technological development of the human race. This way, we can contribute to make life of human kind better globally.

### OUR MISSION

In order to serve this objective we have introduced our first Electronic Design Automation (EDA) tool product atssim. This is a systemverilog HVL(Hardware Verification Language) simulator, which supports UVM (Universal Verification Methodology).

**+91-6266378799**

## ABOUT US

we are driven by a passion for innovation and a commitment to excellence. Our mission is to empower design and verification engineers with the most advanced and efficient EDA tools..

## WHY CHOOSE US?

We have a vision to provide smart and affordable solutions to all companies/ individuals who are engaged in technological development of the human race. This way, we can contribute to make life of human kind better globally.

### Service

Installation is easy and fast with few steps and limited set of package files. Simulator package is upgradable from server on a single command.

### User Interface

Simple user interface for design and verification engineers to increase efficiency.

### Support

We are committed to provide quick support on our product and timely resolution of reported issues.
